Entriamo in uno spazio che sfuma i confini. Tra villa dei sogni e realtà, spazi interni ed esterni. Tra cucina e living, separati con discrezione soltanto dalla libreria freestanding. Ad accompagnarci in questa esplorazione, la bilanciata armonia tra il verde alpi delle ante e l'effetto materico di piani e strutture. Incontriamo così il legno, la pietra e tutta la grazia del vetro. Quello delle vetrine, come quello delle finestre che si aprono sull'outdoor.

<sup>EN</sup> We enter a space that blurs the boundaries between dream villa and reality, indoor and outdoor spaces. Between kitchen and living area, discreetly separated solely by the freestanding bookcase. Accompanying us on this exploration is the balanced harmony between the Alpine green of the doors and the textured effect of the worktops and frames. Thus we encounter wood, stone and all the grace of glass. Glass cabinet doors as well as the windows opening onto the outdoors.

<sup>FR</sup> Nous entrons dans un espace qui estompe les frontières. Entre villa de rêve et réalité, espaces intérieurs et d'extérieur. Entre cuisine et séjour, séparés discrètement et uniquement par une librairie autoportante. Pour nous accompagner dans cette exploration, l'harmonie équilibrée entre le vert Alpes des portes et l'effet matiériste des plans et des structures. Nous rencontrons ainsi le bois, la pierre et toute la grâce du verre. Celui des vitrines, comme celui des fenêtres qui s'ouvrent vers l'extérieur.

**Pensare il nuovo è unire tecnologia, funzionalità ed estetica. Come in questo piano cottura con cappa integrata, perfetto connubio di efficienza e pulizia delle forme.**

<sup>EN</sup> New thinking is combining technology, functionality and aesthetics. As in this hob with built-in hood, the perfect blend of efficiency and clean shapes.

<sup>FR</sup> Penser le nouveau c'est unir technologie, fonctionnalité et esthétique. Comme dans ce plan cuisson avec hotte intégrée, combinaison parfaite d'efficacité et propreté des formes.

Le colonne a giorno donano un prezioso elemento di luce alla composizione grazie alla presenza del led che corre, nascosto alla vista, lungo il fianco della struttura.

<sup>EN</sup> The tall units featuring open shelving bring a precious element of light to the arrangement due to the concealed LEDs running along the side of the frame.

<sup>FR</sup> Les colonnes à jour offrent un élément de lumière précieux à la composition grâce à la présence du led qui court, caché à la vue, le long du côté de la structure.

La nuova maniglia Kappa fa bella mostra di sé anche sulle colonne, integrata verticalmente sull'anta per ricreare l'effetto gola che caratterizza tutta la cucina.

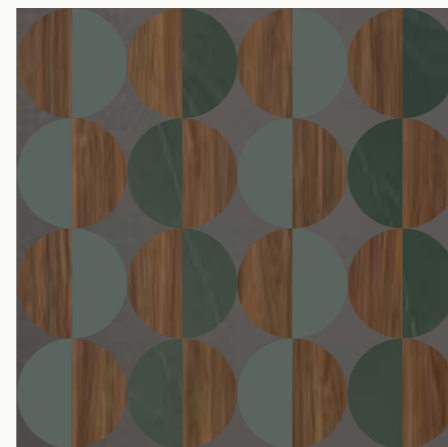

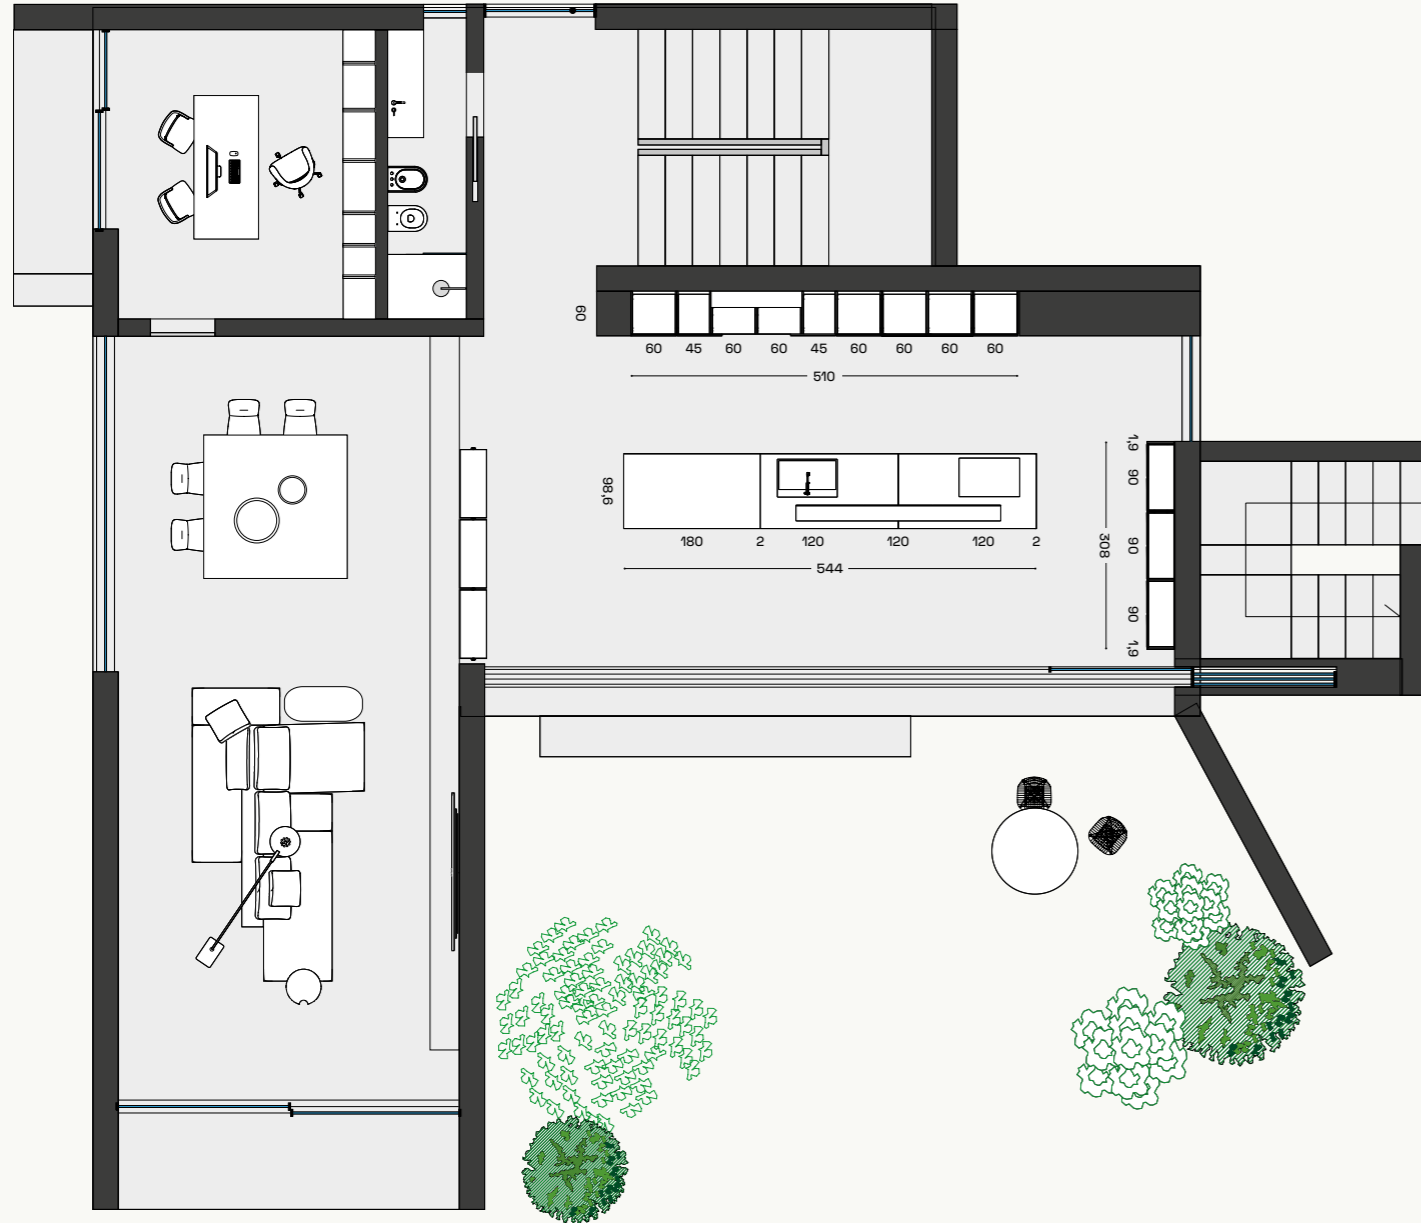

<sup>EN</sup> The new Kappa handle also looks very impressive on the tall units, integrated vertically into the door to recreate the recessed grip profile effect that characterizes the entire kitchen.

<sup>FR</sup> La nouvelle poignée Kappa se montre également sur les colonnes, intégrée verticalement sur la porte pour recréer l'effet gorge qui caractérise toute la cuisine.

Un loft metropolitano, con mattoni a vista, travature del soffitto e grandi vetrate a dichiararne l'origine industriale. Un ambiente che ci fa immaginare impegni e vita in movimento, ma senza rinunciare al lusso quotidiano della bellezza. Entrano così in scena i toni gold della maniglia a gola, in raffinato contrasto con il blu fes delle ante. Il quercia cognac completa la composizione della cucina, resa dinamica dalle linee del piano snack di collegamento.

<sup>EN</sup> A metropolitan loft with exposed brickwork, ceiling beams and large windows, indicating its industrial origins. An environment in which we imagine people with busy lives, on the move, who do not however forego the everyday luxury of beauty. Thus the gold tones of the recessed grip profile handle come into play, in refined contrast to the blu fes of the doors. Quercia cognac completes the kitchen arrangement, rendered dynamic by the lines of the connecting snack bar top.

All'esterno, il verde, le pietre e l'elemento acqua della piscina. All'interno, in un'architettura ipermoderna, il legno e la nuova finitura carruba effetto metallo. La cucina prende uno spazio a sé, contenuto nella composizione a doppia L delle colonne e delle basi in platino, con top e fianchi in gres white teti. Il tavolo rotondo in appoggio gioca con la finitura stardust della maniglia effetto gola, soluzione ideale per una colazione o un pasto veloce, prima di un tuffo all'aperto.

<sup>EN</sup> Outside, greenery, stones and the water element of the pool. Inside, hyper-modern architecture, wood and the new metal-effect carob finish. The kitchen occupies a space of its own, contained within the double L arrangement of the platinum tall units and base units, with white teti stoneware worktops and sides. The adjoining round table plays with the stardust finish of the recessed grip profile-effect handle, providing the ideal solution for breakfast or a quick meal before stepping outside.

<sup>FR</sup> À l'extérieur, le vert, les pierres et l'élément eau de la piscine. À l'intérieur, avec une architecture hypermoderne, le bois et la nouvelle finition caroube effet métal. La cuisine prend son propre espace, incorporé dans la composition à double L des colonnes et des bases en platine, avec plan et côtés en grès blanc teti. La table ronde en appui joue avec la finition stardust de la poignée effet gorge, solution idéale pour un petit-déjeuner ou un repas rapide, avant de plonger à l'extérieur.

Le colonne, incassate nella nicchia a muro, sfoggiano un ricercato effetto metallo carruba, controbilanciato nei toni scuri dal candore del gres white teti e del platino.

<sup>EN</sup> The tall units, built into a niche in the wall, feature a refined carob metal effect, the dark tones of which offset the candor of the white teti stoneware and platinum.

<sup>FR</sup> Lignes propres et fonctionnelles : le système Modular se propose ici dans une nouvelle version suspendue, comme toujours indispensable pour y déposer les outils de cuisine de façon esthétique « tout en vue ».

In appoggio sulla penisola, il piano snack spezza con la sua forma il dominio delle rette e segna il ritorno sulla scena dei tavoli rotondi.

<sup>EN</sup> Adjoining the peninsula, the snack bar breaks up the dominance of straight lines through its shape and marks the return to the scene of round tables.
